

• Live · v1.2

Supply chain security, verified.

Four components. One verified pipeline from supplier to production. Powered by SCSMP.

THE PLATFORM

Four components, working as one.

01

DEFCHAIN

Risk intelligence for every supplier.

02

SCSMP

Sign and encrypt every delivery.

03

APPLIANCE

Inspect, score and route packets.

04

SIEM

Live observability and audit trail.
